STAFF

The All-American Tennis Staff will include tennis professionals, college and high school coaches and top college players. The staff to camper ratio will provide for maximum coaching.

JUNIOR CAMP

The All-American Tennis Camp will be held July 19-23 and July 26-30 at Kutztown University. It will be co-ed for juniors ages 10-18. The camp will run from Sunday at 2:00 PM through Thursday at 3:00 PM. Verification will be sent back to you with detailed information. The camp will include players of all ability levels. These players will be grouped for instruction and play according to their ability level, including special training for advanced players.

Each camper will receive a minimum of 6 hours of tennis a day including 2 sessions of drilling on Sunday. Morning sessions will involve instruction and drill work and many of our own unique drills to improve and coordinate stroke technique with footwork for match situations. We stress FOOTWORK because we feel it is one of the most important ingredients in tennis. We will feature a tough physical conditioning program to improve your footwork. Oliver and Ted will provide campers with the kind of drills that helped make them All-Americans and suggestions to help improve practice habits.

Afternoons will consist of a review of early morning drills to prepare for match play, round robins and mini tournaments. Individual help on trouble spots will also be given. Each camper will receive one "PRIVATE" lesson (a favorite among campers) throughout the week to concentrate on areas that need the most improvement. During the evening sessions, campers will rotate courts keeping them on the move with action-packed drills that are both fun and challenging.

For MSTA, Nationally ranked and more advanced players, Oliver and Ted have developed a highly intensified training program consisting of drills coordinated with tough match play and rigorous physical and mental conditioning.
